BPA File No.: TC-25

PETITION TO INTERVENE OF
THE CITY OF SEATTLE

Pursuant to Section 1010.6 of the Bonneville Power Administration (“BPA”) Rules of Procedure Governing Rate Hearings and the Federal Register Notice dated November 7, 2023 (88 Fed. Reg. 214 ,76744), The City of Seattle hereby petitions to intervene as a party in the above-captioned proceeding to establish BPA’s transmission terms and conditions. The City of Seattle presents the following facts in support of this petition.

The City of Seattle, by and through its City Light Department, operates a publicly owned electric utility that generates and sells electricity to approximately 493,700 customers in its service area. Section 1010.6(b) of BPA’s Rules of Procedure states “[e]ntities that directly purchase power or transmission services under Bonneville’s rate schedules, or trade organizations representing those entities, will be granted intervention, based on a petition filed in conformity with this Section 1010.6.” The City of Seattle is a customer of BPA with respect to transmission services that this proceeding will influence. The City of Seattle participated in the TC-25 workshops and settlement process. The City of Seattle therefore has a direct and substantial interest in participating in this proceeding, which cannot be adequately represented by any other entity that may become a party.

The City of Seattle designates the following persons upon whom service of all documents in this proceeding is to be made:

Josh Walter
Power Contracts & Regional
Affairs Manager
Seattle City Light
700 Fifth Avenue
P.O. Box 34023, Room #3220
