PacifiCorp requests that it be granted Party status in BPA Docket No. TC-22, including any sub-dockets to that proceeding.

I. PETITION TO INTERVENE

PacifiCorp, an indirect, wholly-owned subsidiary of Berkshire Hathaway Energy, is a vertically-integrated public utility primarily engaged in the business of providing retail electric service to approximately 1.9 million residential, commercial, industrial and other customers in portions of the following states: California, Idaho, Oregon, Utah, Washington and Wyoming. In addition, PacifiCorp provides electric transmission service in nine Western states, and owns or has interests in approximately 16,500 miles of transmission lines and 71 thermal, hydroelectric and wind-powered generating plants, with a plant net capacity of approximately 10,800 MW within its balancing authority areas (“BAAs”). PacifiCorp provides electric transmission service pursuant to a Federal Energy Regulatory Commission-approved open access transmission tariff and operates an integrated system spanning two BAAs: PacifiCorp East and PacifiCorp West. PacifiCorp’s

Marketing Affiliate buys and sells electricity on the wholesale market with public and private utilities, energy marketing companies and incorporated municipalities in connection with excess electricity generation or other system balancing activities.

PacifiCorp is also a BPA transmission customer and takes transmission service from BPA pursuant to the BPA Tariff, as well as pursuant to various other agreements. PacifiCorp therefore has an interest in this proceeding that cannot be adequately represented by any other Party, is eligible to be a Party in this proceeding, and, accordingly, respectfully requests such Party status.
